

# 2022 CES BC CONFERENCE

## EVALUATION: ACCESS AND EMPOWERMENT – INCREASING THE REACH AND IMPACT OF EVALUATION

### Pre-conference workshop

Are you ready to unlearn colonial ways of knowing and being within your evaluation practice? Through this hands-on, dialogue-based workshop, you will engage in self and group reflection and discussion about Indigenous and Western evaluation methodologies and the key systemic barriers that exist within the context of Indigenous evaluation. Together, you will start to articulate your individual and shared commitments to transform your evaluation practice moving forward. **Maximum 25 participants.**

October 27, 2022, 9am to 5pm Pacific, Creekside Community Centre,

### Conference keynote

Help equip yourself with some of what you need to start to transform your evaluation practice, as we explore critical systemic barriers to Indigenous Peoples becoming evaluators or accessing evaluation services. We will work from a place of humility, love, and respect while we curiously question the evaluation regime, dream up an equitable and inclusive future, and create space to keep this conversation alive.
